SOLO - Anastasia Michitson

Jumangi –DANCE TEAM

Dear Parents,

Rehearsal for Recital is a time for students to experience the big stage before our official Recital.

If we follow a few simple guidelines our rehearsal evening will flow efficiently.

1. **Please arrive 30 min before your scheduled rehearsal time.** Please have

your hair (mostly in a bun, some in braids) and your make up done before arriving.

2. Please have only **ONE adult** present with each dancer. No siblings, aunts, uncles, grandparents, friends or relatives are allowed at this rehearsal- they will be asked to kindly leave the auditorium. I ask you to not put me in the position to do this. Please find a sitter for siblings who are not performing.

3. We would like classes to sit together at the front of the theater so that chaperones can easily find all of the students to line them up for their routine. Keep a close eye on your child please do not let them run around or wander away. Perhaps bring a quiet activity to keep them busy.

4. After your child practices their routine please change their costume to the next routine and have them join their class mates once again with the chaperones.

5. We encourage you to take as many photographs and videos as you would like as long as you are not distracting to the performers.

6. When your student has completed all of his or her routines you are all set to leave. Please double check that you have all of your costume pieces, shoes etc. with you before leaving.

7. As usual we do not want to leave the **Tenney Auditorium** messy so please do not bring any outside food or drinks into the theater- **EXCEPT WATER**. Again you will be asked kindly to leave the auditorium if you are eating. If you do need to bring a snack please enjoy it outside of the Theater.–**THANK YOU**
